Differentiators

Our core team is based in Silicon Valley, California and our experience spans Web 1.0, Web 2.0 and now leading with decentralized Web 3.0 technologies. We are thought leaders and have participated on panels ranging from digital transformation, cybersecurity, cloud and post-quantum cryptography.

Past Performance

Rocket Mortgage engaged us for protecting 75 subsidiary companies that utilized Salesforce. Protection for over \$2 Billion worth of loan processing each day. Three & half year engagement, seven figure contract. US Air Force testing for Post-Quantum Cryptography. Southwest Airlines for Digital Signage and Software-Defined Network. LinkedIn for application segmentation for lift and shape deployment to the Microsoft Azure Cloud.
